Appreciation

To all those who in any way have helped
to make this book a success—teachers,
friends, and most of all, our parents—we,
the staff, extend our most sincere thanks.

Foreword

Good music is remembered forever. So, as
the years go by, we would like the memories
held in this book to live forever in the hearts
and minds of the students who have helped
to make them.

HUBERT B. RUPERT

Dedication

The man who put Ford City on the map . . . An appropriate title for a faculty member who has been a loyal advisor as well as an excellent teacher during his long career at F. C. H. S. He is the chief man behind our basketball fame and has made the little town of Ford City outstanding throughout Pennsylvania. And so with great pride and pleasure, we the graduating class of 1956, wish to dedicate our yearbook to you, Mr. Rupert, hoping as we do so, that it will serve as a lasting memory of a class that will always remember you.

Field House Dedication

The Ford City High School athletic field and field house were formally dedicated during ceremonies on the field preceding the Ford City—Plum Township game, September 16, 1955. P. N. Marsh, Superintendent of schools, served as master of ceremonies. A view of the crowd attending the game appears at the top of this page. The Ford City coach, Walter Charley, and the co-captains Bob Wolverton and Pete McGuire are shown on the bottom-center photo. Dr. A. R. Pechan, president of the school board, (bottom, left) delivered the dedication address. He lauded Mr. Marsh as "the person most responsible" for the completion of the field and field house. Pat McGuire, representative of the Pittsburgh Plate Glass Co., said that the field was "a credit to our entire community." (bottom, right)

A hand-drawn diagram on a light-colored background. It features a central oval node with a dashed border containing the word "Faculty". A solid line extends from the top of this oval, branching into two paths. One path leads to a solid rectangular box at the top right. The other path leads to a large, solid, dark-colored oval at the bottom left containing the word "Administration". A line also extends from the bottom of the "Administration" oval, forming a loop at the bottom right.

Margaret Mongavin, Secretary

Paul N. Marsh, Superintendent of Schools

The Class of 1956 is being graduated during a period of probably the greatest prosperity our nation has known. Your place in the future will be determined, to a great extent, by your ambition and training. It is our wish that each of you continue your training so as to qualify to play your part in the most acceptable manner.

I extend to each member of the Class of 1956, of the Ford City High School, my congratulations and best wishes.

Sincerely
Paul N. Marsh

Administration

To The Class of 1956 . . .

Your entrance into the High School some years ago marked a significant milestone in your personal achievement. Again, you have met obstacles, accepted opportunities, and gained accomplishment. Now you have come to another signpost marking the way of life.

What you have done as individuals and as groups in classrooms, on the stage, gymnasium and athletic field has become a part of the history of Ford City High School. Now, we hope, too, that you have caught here inspiration that will give you courage to face difficulties, mental power that will direct your energies to helpful purposes, and faith in the essential rightness of mankind.

That's your cue, Bob.

Choral Music

Martin E. Thompson

The Ford City High School Varsity Chorus, under the direction of Martin E. Thompson, has succeeded in promoting music at Ford City High School. They have had exchange assembly programs with Vandergrift and Butler, and were rated among the best in the Forensic Contest finals. Their superior singing was first brought to the public in an outstanding Christmas program in the Ford City High School Auditorium. They staged an operetta, "The Waltz Dream," which was highly applauded. We know that Mr. Thompson will keep up the good work by producing fine choirs in the future.

Inst

Lola LaVerne Bevington

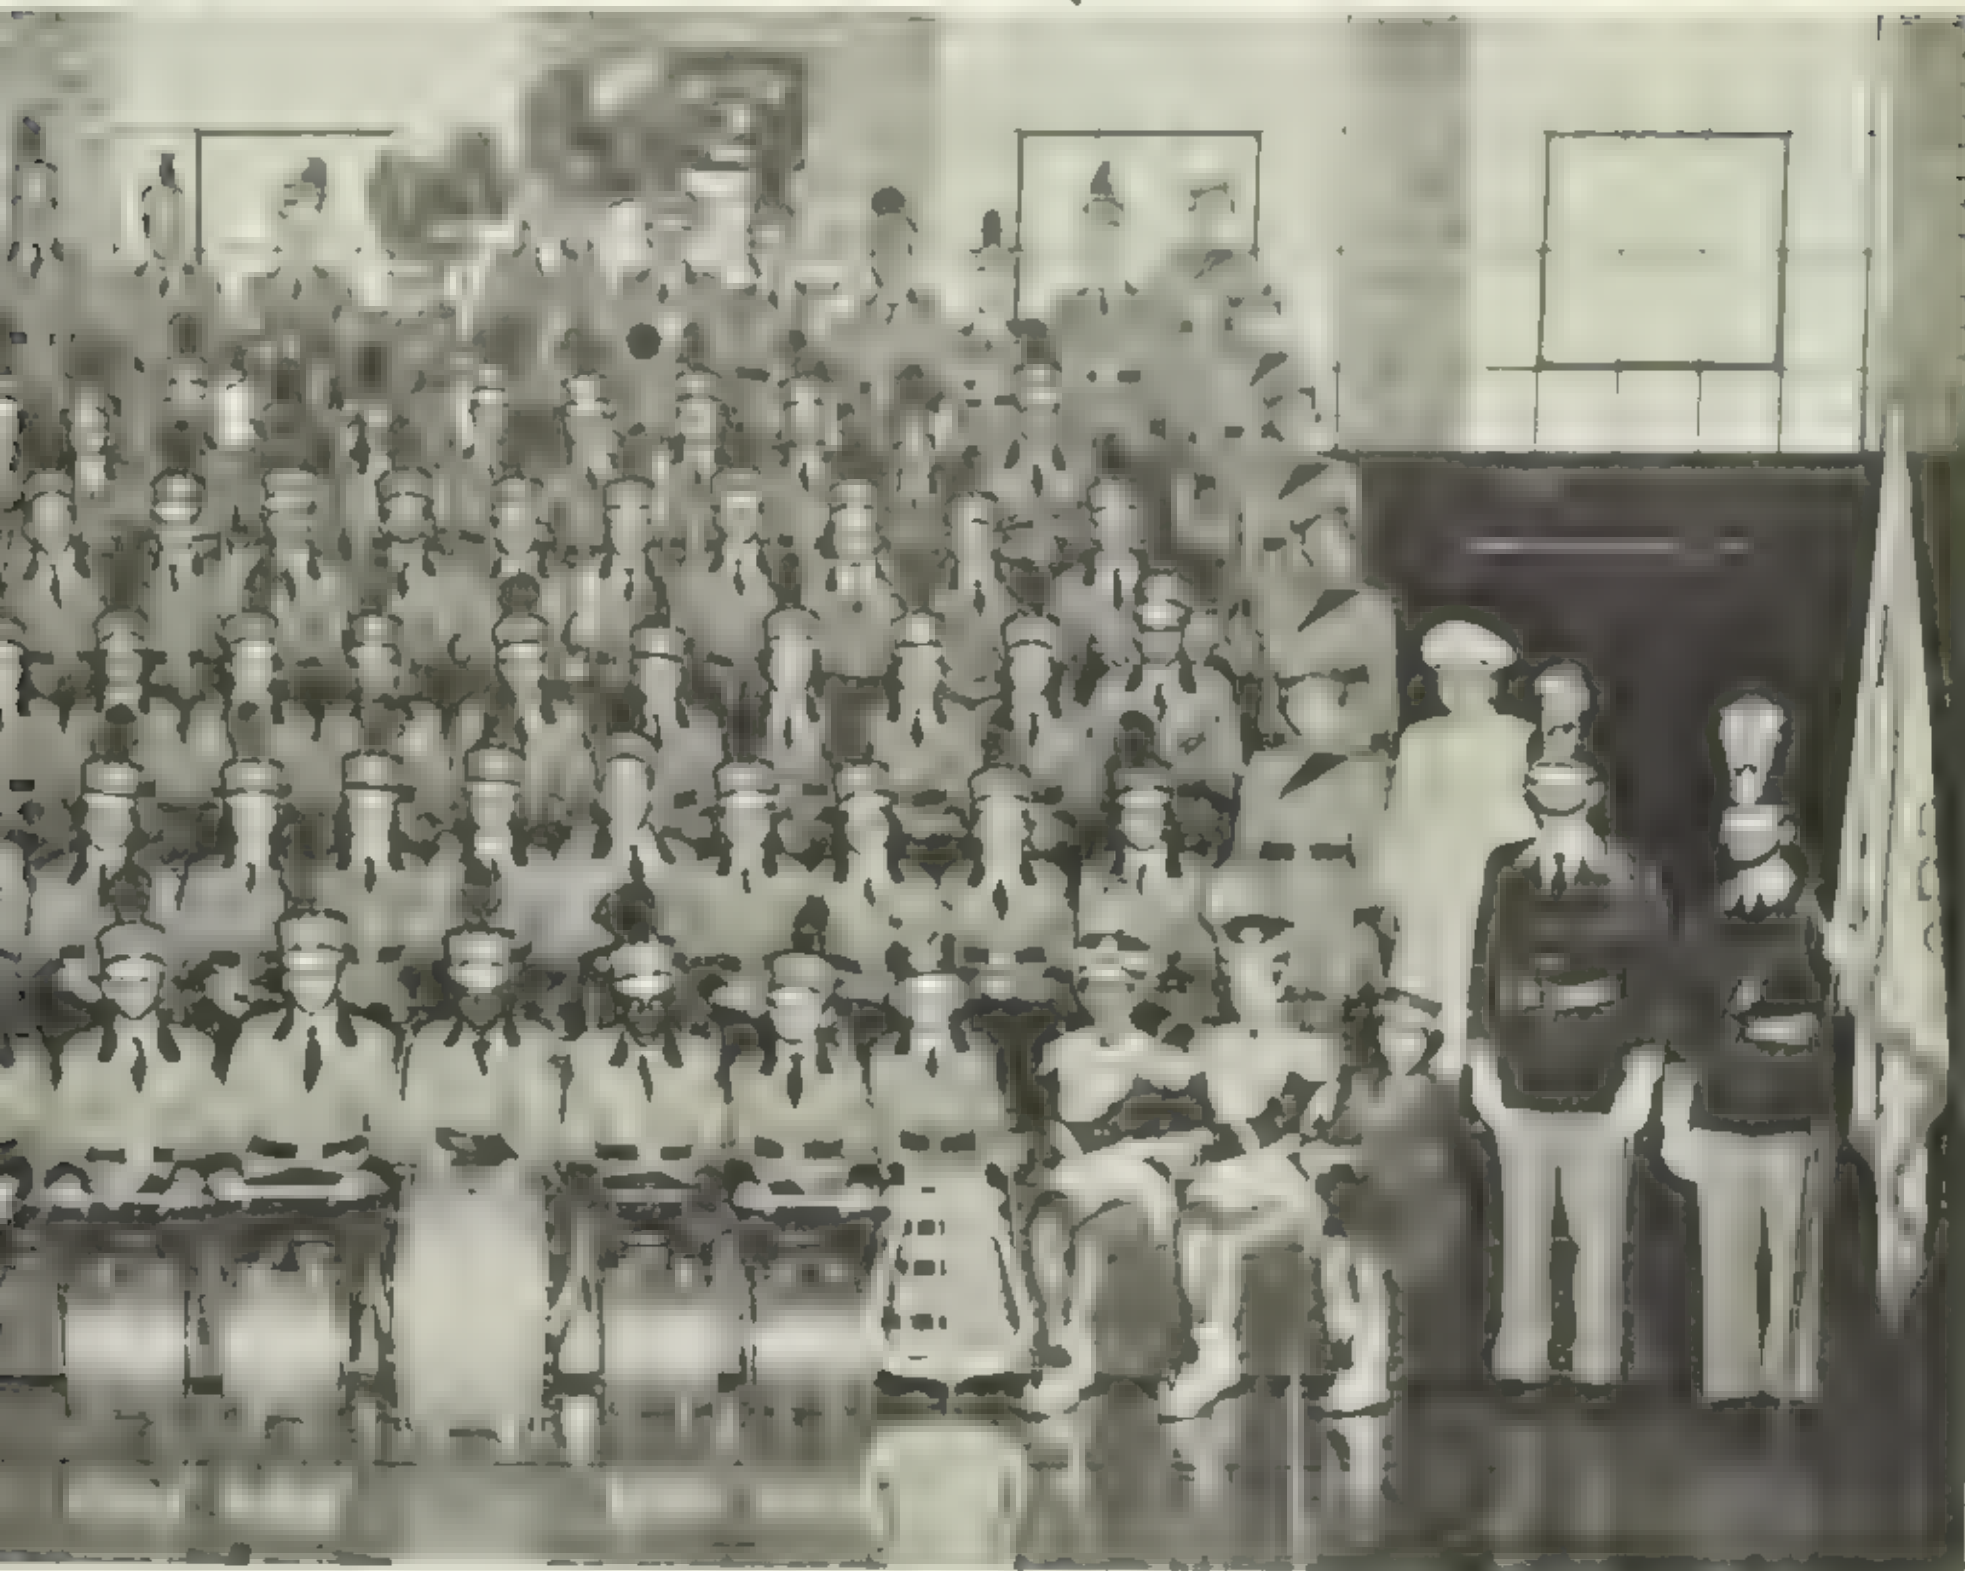

Instrumental music at Ford City High School has progressed under the capable direction of Miss Lola LaVerne Bevington. The band was quite active this year with parades, a concert, and half-time programs at the football games. The orchestra participated in many school activities including the Senior and Junior class plays, and assemblies. They also assisted the Varsity Chorus in a Christmas Concert. Both groups sent representatives to County, District, and State music festivals.

Varsity and Jr. Varsity Football

Due to graduation our coach, Mr. Charley, has had to start rebuilding a new team. Although the boys showed great spirit and aggressiveness they could not find the right spark that would give them victory. Coach Charley feels that the season was not lost entirely as the team gained experience and confidence which should help them in the near future.

Managers—O. Fore, R. Byron, T. Loshier

Junior High Football

Junior High football is relatively new to Ford City. Under the capable instruction of Mr. Simmons and Mr. Gurski, these boys learn the fundamentals of the game. It is hoped that this program will provide experienced material for the varsity football team in the near future.

Rebound! I

Varsity Basketball

With only one returning letterman from last year, Mr. Rupert had quite a task ahead of him for the season. He molded the boys together to a highly efficient basketball machine which proves his ability as a good coach. This was a rough season this year as other teams had more returning lettermen. However, this did not stop us from doing our very best, even at times when the cause seemed useless. Next year Mr. Rupert should have an excellent start to bring another sectional title to Ford City High School

Junior Varsity Basketball

Mr. Chester Gurski in his first year as Junior Varsity coach at Ford City High School did a very impressive job as his team won 15 and lost only 7 games. These boys are to be commended for the hard work they put into the game and for the fine showing they made. It is felt that the experience they have gained will provide future varsity squads with valuable material.

Coach Chester Gurski

Junior High Basketball

Coach John Simmons and his Little Glassers add another trophy to the case as they take Section XI in whirlwind fashion. Coach Simmons said about the team, "I am proud of this year's Junior High team because of the good record they established and their sincerity and desire to play basketball."

Baseball

Ford City's second season of baseball under the instruction of Mr. John Simmons was not entirely unsuccessful. The boys have gained valuable experience in working together that will aid them in their future years. Although baseball is just getting started at Ford City High School it is hoped that it will soon grow to be a favored sport.

"SWEET MUSIC"

(Ford City Version)

by the Class of 1956

These two bars are not from Beethoven or Bach but from the "Sweet Music" PPG plays yearly to those employees making glass at Ford City

Just listen to it — from the first \$10,000,000 payroll sound, produced by the workers who made the Glass of 1949 — all the way up to the new \$16,000,000 which the Glass of 1955 sounded off

May the Glass of 1956 which will be turned out by the PPG family at Ford City go forth in such volume and quality as will bring continued prosperity to not only our employees but also to the entire community . . . still more "Sweet Music" to all of us.

PITTSBURGH
PLATE GLASS COMPANY
